PUBLIC COMMENTS

- Tom Hardwick commented on the mailer he received regarding the 13th Street Bridge closure. Mr. Hardwick is requesting that speed bumps be placed on Walnut Drive for safety reasons during the closure of the bridge, as Walnut Drive is used as an alternate route.

PUBLIC HEARINGS

1. Appeal of Notice and Order for 1234 Pine Street by the Property Owner

R. Lata, Community Development Director

Consider continuing the open public hearing regarding an appeal of a Notice and Order issued for a leaning building at 1234 Pine Street. (Property is a 120-year old wood, framed building. Councilmember Nemeth, seconded by Councilmember Picanco, moved to continue the open public hearing to the City Council meeting of November 16, 2004.

Motion passed by unanimous voice vote.

3. 2004 Housing Element (Amendment to 2003 Housing Element)

R. Lata, Community Development Director

Consider amending the Housing Element to address concerns raised by the State Department of Housing and Community Development (HCD). (As the Housing Element was part of a comprehensive update of the General Plan, Council determined to adopt the update in December 2003 and address HCD's recommended revisions at a later date. The Planning Commission is scheduled to review the draft at its October 12th meeting.)

Mayor Mecham opened the public hearing. There were no comments from the public, either written or oral.

DISCUSSION

13. **Mastagni Buildings Walkway Encroachment Permit**

R. Lata, Community Development Director

Consider options regarding an approved encroachment permit issued to Portney Construction for covered walkways for the Mastagni buildings on the corner of 12th and Park Streets. (An encroachment permit to establish a pedestrian walkway in the public right-of-way along the property frontages was approved by Council in April 2004 to allow applicant room to excavate, stage equipment, and reconstruct the buildings following the December 2003 earthquake.)

Mayor Mecham opened the public hearing. Speaking from the public were Barry Kinman, Mark Mastagni, and Dale Gustin. There were no further comments from the public, either written or oral, and the public discussion was closed.

Councilmember Picanco, seconded by Councilmember Nemeth, moved to uphold the valid encroachment permit, which is in compliance with City codes and regulations, and continue to permit the pedestrian walkways to remain in their present locations until the permit expires or sooner if the applicant removes them before December 31, 2005.

Motion passed by the following roll call vote:

AYES: Picanco, Nemeth and Mecham
NOES: None
ABSTAIN: None

14. Request for Fee Waiver – Non-Profit Housing Corporation

R. Lata, Community Development Director

Consider waiving water and sewer connection and development impact fee increases for a low income senior housing project that is sponsored by a non-profit corporation and receiving governmental financial assistance. (The Oak Park Senior Housing project is located at 801 28th Street. The Paso Robles Non-Profit Housing Corporation requested a waiver of fee increases. As structured, the fee waiver would apply to fee increases that have been established since adoption of the General Plan in December 2003, but does not waive the basic connection or development impact fees in place at the time of adoption.)

Mayor Mecham opened the public hearing. Speaking from the public was Kathy Barnett. There were no further comments from the public, either written or oral, and the public discussion was closed.

Councilmember Nemeth, seconded by Councilmember Picanco, consistent with General Plan Goal H-3, moved to approve Resolution No. 04-232, which would waive increases in water and sewer connection and development impact fees applicable to the Paso Robles Nonprofit Housing Corporation project, providing housing to “low” and “very low” income senior citizens. The fee waivers would apply to building permits issued after the General Plan adoption date of December 16, 2003, for this specific project that is sponsored by a non-profit housing corporation that has been approved for Federal, State, and local funding assistance.

Motion passed by the following roll call vote:

AYES: Nemeth, Picanco, and Mecham
NOES: None
ABSTAIN: None
ABSENT: Finigan and Heggarty

15. Public Finance Goals and Policies

R. Lata, Community Development Director

Consider the Draft Goals and Policies for implementing General Plan provisions regarding “fiscal neutrality.” (The intent of the Draft Goals and Policies is to provide tools to off-set adverse financial impacts on the residents of Paso Robles from new residential development—cost of infrastructure or services and/or reduced levels of existing services resulting from the new development. The proposed goals and policies are in accord with the General Plan. In order to assure “fiscal neutrality” and anticipate the fiscal impacts of the

proposed Chandler Ranch Area Specific Plan, pending annexations, and other new residential entitlements, it would be appropriate to establish the parameters necessary for forming a Community Facilities District [CFD] as soon as feasible. Adoption of the Goals and Policies will create a policy framework for forming a CFD.)

David Taussig of David Taussig & Associates conducted a presentation on the formation of Community Facilities Districts [CFD] in the City.

Mayor Mecham opened the public hearing. Speaking from the public were Dale Gustin, Jerry Bunin, Angela Hollander, Larry Werner, Gary Hoskins, and Kathy Barnett. There were no further comments from the public, either written or oral, and the public discussion was closed.

Councilmember Nemeth, seconded by Councilmember Picanco, moved to adopt Resolution No. 04-233 approving the Draft Goals and Policies, and direct staff to take the steps necessary to form a Community Facilities District as soon as feasible.

Motion passed by the following roll call vote:

AYES: Nemeth, Picanco and Mecham
NOES: None
ABSTAIN: None
ABSENT: Finigan and Heggarty

Council adjourned for a 10-minute recess at 9:02 PM.

16. Update of Needs List for AB-1600 Development Impact Fees

R. Lata, Community Development Director

Consider approving a list of projects that will be utilized to update the City's Development Impact Fees (tentatively set for November 16, 2004). (Development Impact Fees are updated periodically to anticipate facilities that will be needed to accommodate future growth and development.)

David Taussig of David Taussig & Associates conducted a visual presentation of the AB-1600 Development Impact Fees.

Mayor Mecham opened the public hearing. Speaking from the public were Jerry Bunin and Kathy Barnett. There were no further comments from the public, either written or oral, and the public discussion was closed.

Councilmember Nemeth, seconded by Councilmember Picanco, moved to adopt Resolution No. 04-234 approving the needs list as amended (in #1, Section A, deleting *Woodland Plaza* and adding *Highway 46E at Airport Road*; and replacing *Niblick Road at Rambouillet* in #3 with *Niblick Road at Creston Road*) as a basis for preparing an update of the City's AB-1600 Development Impact Fees. Based on the needs list, staff will meet with the Council's ad hoc Committee (Mayor Mecham and Councilman Nemeth) and prepare for presentation of an updated Development Impact Fees.
