Subject: Request for Reconsideration – Tract 2369  
Elimination of "A" Street Connection to North River Road

Honorable Mayor and Council Members:

The purpose of this letter is to request City Council reconsideration of the applicant's request to eliminate the "A" Street connection to North River Road. This request, which includes a General Plan Amendment, Specific Plan Amendment, and modification of Tract conditions, was previously heard by the Council on April 19, 2005, at which time the Council declined to approve the requested action.

The purpose for requesting the reconsideration is to allow further consideration and development of alternate offsite connection locations and mitigation measures based on Council comments and discussion at the April 19, 2005 meeting, and additional information that is being developed.

Thank you for your consideration of this request.

Respectfully yours,

  
Steven J. Sylvester, P.E.  
President
