Dear Council:

My dream would be to see the parks and open spaces in our City safer and cleaner. I can visualize in the near future each patron in the city learning how to care for our open space and city resources as if they personally owned them. In my business we call this "Having an Owner Mentality" which allows each citizen to take pride in everything they do and how they interact. If they understand that they own a very small piece of the each park, they should have greater care when using them.

Again, thank you for the opportunity for me to be involved in the growth of our City through Parks and Recreation. Living in the community for the past 5 years I have participated in many City projects and events. Coaching both Paso Robles City basketball and soccer, assisting misguided youths on their journey, helping young struggling families and elderly find affordable housing with in the city limits just to name a few.

Throughout my life I have had tremendous exposure to the parks and recreation programs having played most sports throughout the years using the available city resources. I have also found that my ability to speak Spanish has been helpful in associating with our ever expanding Hispanic population. Also due to the ever growing costs of living, I have noticed that many people in the community have come to rely on our parks and services as an extension of their lives. This is why our City must address the needs of all the individuals who use the parks making certain the uses are consistent and in the best interests of all patrons.

Another positive resource I can offer is my ability to speak Japanese which I learned while living in Japan. I have spent quality time in exceptionally beautiful parks in both Tokyo and Osaka. That's when I quickly noticed the growing issues in most parks are the same everywhere: how to balance the experiences of all it's visitors so that their use and stay in the park are positive.

Additionally and of critical importance, I possess a background in sports having

played college basketball at Cal State University, Fullerton as a scholarship athlete majoring in communications. I think I am very capable of being on the advisory committee member because of my background. I have therefore additionally attached my Bio for your review which leads me to my final comment.

Due to extenuating circumstances, I will not be able to attend public interviews this evening due to my business travel schedule. I welcome any questions or concerns regarding my application as a Parks and Recreation Committee member or anything the Council requires.

Again, please forgive my absence.

Respectfully yours,

Randal R. Moos

Dear Mrs. Deborah Robinson:

This letter is in regards to the youth commission. Thank you for allowing me to submit a letter in place of the public interview. I would have liked the experience of the interview however, I will be attending Camp Hapitok as a counselor for children with communication disabilities on the interview date. The experience I am gaining at Camp Hapitok is just one of the many assets I will be able to contribute to the Youth Commission.

The three words that best describe my character are leadership, organization, and dependability. I have been an active member in my schools' leadership classes for the past three years and feel the techniques learned in these classes will benefit me in the roll of a youth commissioner. Organization is another one of my major attributes; whether it's keeping my room clean and organized or organizing a worthwhile project such as the coin drive for the Leukemia & Lymphoma Society for the last two years, I am still able to keep up with my other everyday responsibilities. Lastly, my dependability can be witnessed by my excellent attendance in school; and the fact that I have maintained a part-time job at The Good Times Café since January of 2007; along with giving up four weeks of my summer to be a camp counselor for children with communication disabilities.

I would like to take this time to thank you once again for your generosity in accepting this letter in replacement of the interview and I hope to hear from you in the very near future.

Thank you.

Sincerely,

Kyle Elliott

Subject: Youth Commissioner position

Dear Council Members,

My name is George Hernandez. I am 15 years old and my address is 174 Santa Ynez Ave., Paso Robles, CA. I am respectfully submitting this email for consideration for the Paso Robles Youth Commission which was established in 1999, as an advisory body to the City Council of Paso Robles.

I would first like to say that I am sincerely sorry that I can not make the scheduled interview that you have set up for me. I am currently writing this letter from Camp San Luis Obispo. I am here on a 2 week US Naval Sea Cadet Corps training for Search & Rescue. I am working on my national SAR TECH II and CPR certifications. The SAR TECH II course is being taught by an Instructor from the National Association of Search & Rescue.

As you probably already know, I am 15 years old and will be a sophomore at Paso Robles High School this upcoming school year. I have lived in Paso Robles for 14 years and know this town like the back of my hand.

The teenagers of Paso have a lot to say about the changes going on around town, and I feel I am the best candidate for representing them as their Youth Commissioner. The teens of Paso Robles need someone who is honest, smart, persuasive, outgoing and easy to get along with. I feel I am all of these. I do very well in school. I am always outside doing something physical which in turn helps to keep me in great shape. I'm quite a popular guy at school because I get along with everyone. You can ask any of my schoolmates and they will tell you that I am a really down to earth guy who is funny and easy to get along with.

I am currently in the process of getting my SAR TECH II credentials. I was just recently CPR qualified, and in August, I will be going to San Diego for 1 weeks to learn how to sail a boat. These are a few of some of the outside of school activities I do. I am also a PROUD Bearcat. I play JV basketball for the high school, and I am going to join the track and field team starting this year. All of these things help to make me a well rounded person.

Once again, I would like to say that I am deeply sorry that I can not make the July 10th interview. I really wish I could have made it. I hope that by my not being there, that it will not affect my chances of receiving consideration for the position of Youth Commissioner. During the training that I am currently at, we are not allowed to make any phone calls or email while we are here. Fortunately, my Commanding Officer at the training was considerate of my situation and is allowing me to send this email to you for your consideration as an applicant for the Youth Commissioner position for the City of Paso Robles. My graduation day from training is this Saturday, July 12th.

I am looking forward to hearing from you in regards to the position. If you should need any additional information from me for consideration of this position, please let me know.

Sincerely,
George A. Hernandez
