

TO: James L. App, City Manager
FROM: Doug Monn, Public Works Director
SUBJECT: Resolution for State Revolving Loan Fund
DATE: October 7, 2008

NEEDS: For the City Council to consider adopting a resolution from the State Revolving Loan Fund authorizing the City Public Works Director to act as the City's agent in discussions with the State regarding possible future financial assistance applications.

FACTS:

1. The City is conducting a feasibility study to determine the most effective manner to address regulatory requirements of the City's National Pollutant Discharge Elimination System (NPDES) permit.
2. The feasibility process will be completed in 2009.
3. As part of the feasibility study, potential financing instruments to fund implementation of study findings are being explored.
4. One financing instrument is the State Infrastructure Revolving Loan Fund Program. Loan can be requested for 85% to 100% of waste water discharge project construction cost.
5. To open discussions, the City Council is requested to adopt a resolution from the loan fund program expressing interest in the program and assigning a contact individual. Adoption of the resolution does not constitute a contract with the State, nor does it result in any cost to the City (other than staff time).

ANALYSIS &

CONCLUSION: The Regional Water Quality Control Board has informed the City of the need to improve quality of discharge associated with its NRDES permit. To this end, the City has contracted with the engineering firm of Black and Veatch to complete a feasibility study to outline methods to be used to accomplish the task.

POLICY

REFERENCE: City of Paso Robles NPDES Permit.

FISCAL

IMPACT: Adoption of the attached resolution would not result in any impact to the City or its Waste Water Funds. It would allow staff to open discussion with the State regarding the possibility of securing a low interest loan for future waste water infrastructure.

OPTIONS:

- a. Approve the resolution from the Infrastructure State Revolving Loan Fund Program and appoint the City Public Works Director as the City's contact person, or;
- B. Amend, modify or reject the above option.
