ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

Being a life long resident of Paso and being an avid
supporter of the airport I feel it would be a great
opportunity to serve the city. I have worked for
the past ten years on the Airport property at
Treana Winery (4230 Secondwind Way) I study and received my
Pilot license at the Paso Airport and currently have an airplane
stored at the Airport. I would like to help attract businesses to the PR Airport.

To: Paso Robles City Council

Regarding: Appointment to Citizen's Airport Advisory Committee (CAAC)

I am submitting this application to the City Council in order to request that my current status as an Alternate CAAC Member be upgraded to a Regular CAAC Member. My reasons for requesting this appointment are as follows:

1. Since November 1, 2007, I have had the privilege of working on this committee. This opportunity has provided me with a working knowledge of the scope of comment, advice and responsibility expected of the committee, as well as the goals this group hopes to achieve.
2. The City Council has requested on several past occasions that the CAAC develop a comprehensive Business Plan. Jeff Bray (Regular CAAC Member) and I have recently initiated this process through the creation of a Business Plan Sub-Committee. We have confidence regarding the outlook of a well designed plan, which will be the framework for a permanently structured document. It has been a pleasure to regularly meet with Meg Williamson, Assistant City Manager, and Roger Oxborrow, Airport Manager, to review the consultant work of the past and to structure this new plan. I look forward to future discussions with the City Council with regard to our initial work on this effort, and we will seek your valuable input regarding the continued development of the Plan.
3. My entire professional career has involved real estate and land use planning issues. I am familiar with design and functional criteria regarding these planning processes and feel that I can lend this knowledge to good local use
4. While working around the Paso Robles Airport I've become acquainted with the facilities, functions of management and organizations. This current and historical knowledge will be useful in working with the CAAC.
5. Extensive commercial and private jet travel has provided me with valuable insight in how other airports function and provide services for many typical aviation needs.

I look forward to discussing this appointment with all of you in the near future. Thank you for your continued good work for this city.

Sincerely,

Mark Kenyon

PROFESSIONAL EXPERIENCE

The last 28 years of my professional career were spent working in the sales and marketing organization of a global medical equipment manufacturer. Previously I was employed for 15 years in the Television and Film industry.

Gambro B.C.T. (Blood Component Technology) provided me with opportunities in the Sales and Marketing of devices used to collect, store, treat and therapeutically administer blood and its components. My last position before retirement was as National Account Manager but my tenure also included the positions of Regional Sales Manager, Senior Sales Consultant, Marketing Manager and Product Manager. Additionally I spent several years as a Trainer for National and International sales representation and product knowledge.

The mass media profession I enjoyed included work in AM and FM radio and extended to local television production and both independent and sponsored TV and Film production. In this capacity I was the Director of a 1978 public relations/promotional film for the Indianapolis Airport Authority entitled, "One More Mile To Go".

In support of community activity I was a founding member of the Indiana Arts Commission as well as an organizer and operator of a film festival for professional educators. I have worked closely in support of the California Blood Bank Society and the South Central Assoc. of Blood Banks and have recently completed a two-year term as a member of the Board of Directors of the San Diego Blood Bank Foundation.

I hold a Masters Degree in Education from Indiana University and a Bachelors Degree in Telecommunications and Film from San Diego State University. After serving two years in the U.S. Army I was discharged with the rank of Sergeant, Infantry. I received my Pilots license in 1982 and am presently rated for airplane, single-engine, complex. I am currently a member of the EAA and Warbirds of America and continue to enjoy a lifetime fascination for aviation.

I would welcome an appointment to the Airport Advisory Committee because I believe in the importance of an airport to the economy, welfare and safety of any progressive community. I feel that my experience in business and my background in media affairs could be a positive addition to the work of airport management.
