

TO: James L. App, City Manager
FROM: Doug Monn, Public Works Director
SUBJECT: Energy Efficiency Conservation Block Grant (EECBG) Program /
American Recovery and Reinvestment Act (ARRA) 2009
DATE: December 15, 2009

NEEDS: For City Council to consider accepting an ARRA grant administered by the California Energy Commission under the EECBG/ARRA Program.

- FACTS:**
1. The EECBG was developed to administer ARRA funds to small cities and counties.
 2. By formula (based on population), the City of El Paso de Robles is expected to receive \$156,082.55.
 3. EECBG/ARRA program funds may be used for cost-effective energy efficiency projects such as lighting retrofits and controls. Projects that identify the highest rate of energy savings will be considered.
 4. The project is estimated to save approximately \$1700 per month in electrical costs.
 5. The City Council is required to adopt the attached resolution in order to apply for this grant. The resolution was drafted by EECBG.

ANALYSIS &

CONCLUSION: Staff has reviewed the EECBG/ARRA guidelines and has determined that a project to retrofit the decorative light fixtures in the City (300 total) would provide the highest probability of being accepted to use these funds.

POLICY

REFERENCE: General Plan

FISCAL

IMPACT: The grant is administered by reimbursement. The City must first spend the money and then submit the invoice to the Energy Commission .

- OPTIONS:**
- a. Adopt Resolution No. 09-xx to:
 - 1) accept an EECBG/ARRA grant in the amount of \$156,082.55;
 - 2) authorize staff to submit an application to retrofit lights as noted in the staff report;
 - 3) acknowledge that the project is in compliance with the California Environmental Quality Act.
 - b. Amend, modify, or reject the above option.
