D. Monn, Sr. Building Official / E. Gallagher, Housing Programs Manager

Consider testimony from the public regarding a proposed updating of the City's Seismic Safety Ordinance. (The City's current Seismic Code is based upon the 1994 Uniform Code for Building Conservation. The proposed revision would adopt the 2003 International Existing Building Code, which incorporates newer standards, including structural lessons learned from the 1994 Northridge earthquake.)

OPTIONS:

- a. Accept public testimony on the proposed revised Seismic Code, provide staff direction for any desired refinements, and set May 18, 2004, as the date for 1st reading of an ordinance amending the current Seismic Code.
- b. Amend, modify, or reject any of the above option.
