PUBLIC HEARINGS

2.1 [General Plan Amendment 05-001 \(City-initiated\)](#)

R. Lata, Community Development Director

Consider Planning Commission recommendation regarding a proposed modification to the text of the Land Use Element of the General Plan to reflect the most recent City “build-out” projections. (Text changes to the General Plan acknowledge current land use information and recognize that the most recent build-out projections [based on persons per dwelling unit and other specified factors] would result in a City population in 2025 that would be consistent with the established General Plan policy of a population not-to-exceed 44,000 residents. No changes in land use designations or General Plan policies are proposed as a part of this General Plan text Amendment, and there would be no environmental impacts resulting from updating the land use data and population build-out projections.) CONTINUED FROM NOVEMBER 15, 2005

OPTIONS:

- a. Adopt Resolution No. 05-xx approving a Negative Declaration for General Plan Amendment 05-001 and adopt Resolution No. 05-xx approving General Plan Amendment 05-001 that would amend the Land Use Element of the City’s General Plan, updating the text of the General Plan relating to anticipated “build out” in the year 2025 in a manner consistent with the attached Exhibits “B-1”, “B-2”, and “B-3”.
- b. Amend, modify, or reject the above option.
