

RESOLUTION NO. 94- 81

A RESOLUTION OF THE CITY COUNCIL
OF THE CITY OF PASO ROBLES
EXPANDING GEOGRAPHIC SERVICE AREA FOR THE
PASO ROBLES LANDFILL

WHEREAS, the City Council previously approved resolution 91-32, which established a geographic service area for the Paso Robles Landfill; and

WHEREAS, the City Council, in their May 3rd, 1994 meeting, approved changes in the Paso Robles Landfill tipping fees which would make the Paso Robles Landfill more attractive to waste haulers from outside the current geographic service area to bring their waste to the Paso Robles Landfill; and

WHEREAS, expanding the geographic service area to include all areas of San Luis Obispo County would enable the Paso Robles Landfill to accept waste from haulers throughout the County of San Luis Obispo.

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

That the City Council does approve the expansion of the Paso Robles geographic service area boundaries to include all areas of the County of San Luis Obispo.
