

RESOLUTION NO. 02-55

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PASO ROBLES
APPROVING NEW SOLID WASTE DISPOSAL RATES
FOR PASO ROBLES WASTE DISPOSAL

WHEREAS, the Legislature of the State of California has mandated that public agencies divert 50% of the solid waste deliveries to local landfills; and

WHEREAS, the City desires to join the San Luis Obispo County Integrated Waste Management Authority to provide for diversion program improvements, and gain access to regional programs; and

WHEREAS, joining the San Luis Obispo County Integrated Waste Management Authority requires the City to pay a fee of \$3 per ton for every ton disposed at the City's landfill; and

WHEREAS, the City Council reviewed a new disposal fee schedule, and determined that self-haul fees should be brought into parity with commercial uncompacted fees.

THEREFORE, BE IT HEREBY RESOLVED by the City Council of the City of El Paso de Robles that the solid waste collection rates identified in the attached Exhibit "A" are hereby approved effective July 1, 2002.

PASSED AND ADOPTED by the City Council of the City of Paso Robles this 2nd day of April 2002 by the following vote:

AYES: Finigan, Heggarty, Nemeth and Mecham
NOES: None
ABSENT: None
ABSTAIN: Picanco

Frank R. Mecham, Mayor

ATTEST:

Sharilyn M. Ryan, Deputy City Clerk

Management reserves the right to quote specific prices for any item not listed or reject any item whether listed or not.

Should a "new" commercial solid waste hauler other than Paso Robles Waste Disposal deliver commercial compacted refuse to the Paso Robles Landfill for thirty (30) consecutive days and the average daily tonnage is equal to or greater than 130 tons per day, the commercial compacted rate shall be decreased without further City Council action to \$25.00 per compacted ton. The decrease shall be implemented as follows:

1. Decrease shall be applied retroactively to the new hauler beginning with the first delivery day; and
2. Shall be applied to all other current commercial compacted haulers, other than Paso Robles Waste Disposal, beginning with the first day of the next calendar month; and
3. Shall be applied to Paso Robles Waste Disposal beginning with the first day of the next billing month and shall be "passed through" to their customers in identical fashion as fee increases.

Should the average daily tonnage drop below the 130 tons per day, the rates shall be returned to the rates first established herein.
