11th Annual

SANTA'S SLEIGH

Santa will be in different neighborhoods throughout the week of December 7–11, between the hours of 6:00 p.m. and 9:00 p.m. You will know Santa is in your neighborhood when you hear the sirens from the police cars that are escorting him. Santa will stop every few blocks, to allow youngsters to approach and receive a free piece of candy. Due to the size of Santa's sleigh, he does not travel into cul-de-sacs or enter dead end streets.

Look who's making it happen!
