NOTE: The Chair reserves the right to reopen the public hearing if he/she believes the applicant and/or public may have additional information pertinent to the discussion.

## **GROUND RULES FOR PUBLIC HEARINGS AND COMMENTS**

1. Planning Commissioners desire to hear from all persons that wish to speak, regardless of their point of view on a proposed project.
2. All parties: commissioners, staff, applicants, and the public, are to be courteous and civil to each other during the meeting. Personal attacks and rude remarks will not be tolerated.
3. Conversations in the audience during public hearings, comment periods, and discussion are disruptive and are not welcome.
4. Cell phones and electronic devices are to be put in silent mode or turned off.
5. All testimony from applicants and the public is to be given, one person at a time, from the lectern. Meetings are recorded, and the microphone on the lectern is necessary for recordation of comments. No comments, other than from the lectern, will be made or accepted.
6. Applicants and members of the public are to address their questions and comments to the Chair of the Planning Commission and not to staff or other members of the audience.
7. Members of the public wishing to speak need to state their name and address before making comments. They are encouraged to fill out a speaker card so that their names may be accurately recorded in the minutes of the meeting.
8. Where it appears that several people may want to comment on a project, the Chair of the Planning Commission may set a time limit, such as 3 minutes, for each public comment.
9. Where it appears that several people may want to comment on a project, members of the public may be asked not to repeat comments provided by others. They may, however, state that they agree with certain prior comments.
10. Members of the public are not to ask other members of the public for a show of support for their position. They may, however, ask the Planning Commission Chair if they would accept a show of hands for support.
11. In general, applause from the audience for a position is not acceptable. At the close of the agenda item, following a vote of the commission on the project, members of the public may render a polite applause.

## **PLANNING RELATED APPEAL PROCESS**

Decisions or determinations by the City's staff, Development Review Committee (DRC) or Planning Commission can be appealed by any interested person (applicant, neighbor, public official, or other interested party). The appeal process is described by Chapter 21.23.A of the City's Municipal Code, and is summarized as follows:

- a. An appeal of a staff determination or interpretation will be heard by the Planning Commission. There is no charge to the appealing party.
- b. The DRC is a subcommittee of the Planning Commission. Their role is to review design details as outlined in Chapter 21.23 B of the Municipal Code. Any decision, determination or recommendation of the DRC may be appealed to the full Planning Commission. There is no charge to the appealing party. In the absence of an appeal to the City Council, the Planning Commission is the final authority on Lot Line Adjustments, Parcel and Subdivision Maps, Conditional Use Permits, Planned Developments, design details and Zoning Code interpretations. Decisions and determinations by the Planning Commission are appeal able to the City Council. Appeals to the City Council require a \$200 fee deposit to be applied toward actual City costs to prepare the appeal (staff time to prepare a report that adequately responds to the appeal, report printing, and required public notices), as adopted by City Council Resolution No. 06-128. Appellants are hereby notified that the actual cost of an appeal may exceed the \$200 deposit and that they will be billed for any additional amounts necessary to cover actual City costs.

### When must an appeal be filed?

An appeal must be filed within fifteen (15) calendar days of the decision. Upon receipt of an appeal, the matter will be scheduled for consideration before the appeal body as soon as feasible. Appeal applications can be obtained from the City's website at [www.prcity.com](http://www.prcity.com), anyone in the Community Development Department or by calling (805) 237-3970.

### What is the effect of filing an appeal?

If an appeal is filed, the body considering the appeal will consider the request as if it were a new application. Opportunities will be provided for all interested parties to speak and/or provide evidence to support approval or denial of the appeal.

There is no penalty for filing an appeal. The City cannot and will not penalize anyone for filing an appeal. Each application for a land use or other entitlement is handled on a "first-come-first-served" basis. (The City keeps a "log" of applications filed, and any of the public is welcome to confirm the order of processing for each application.)

### How Can I Get More Information on Appeals?

Please check the City's website at [www.prcity.com](http://www.prcity.com), call the Community Development Department at (805) 237-3970, or stop by City Hall at 1000 Spring Street, Paso Robles, CA 93446.
