ADD21-0003	Addendum	<p>1. Main Revision: Electrical tie-in location has been changed. Initial plan was to trench through the majority of the property towards the W. Property line; however, there were onsite changes and a new switchgear is being installed for the PV System. This new switchgear is approximately 50ft N.E. of Carport #2. This switchgear is being installed and permitted by others. Updates for this revision are noted on sheet PV2 and PV3.</p> <p>2. Due to revision #1 we have moved the majority of our inverters to a backboard that is in closer proximity to the new switchgear. This has been noted and detailed on sheet PV2. The backboard is adjacent to Carport #3.</p> <p>3. Lighting has been detailed on carports for minimum distance between lights. This has been detailed on PV2, and shown on the line diagram on PV3.</p>	4041		HIGHWAY 46	\$0.00	04/09/2021	CONTRACTOR OWNER  OWNER	A.M. SUN SOLAR HUNTER RANCH GOLF COURSE A CA LTD PTP JOHN KING
