

CITY OF PASO ROBLES

Drought Response: Dec. 15, 2015 Update

This Summer
Reduce Your Use!

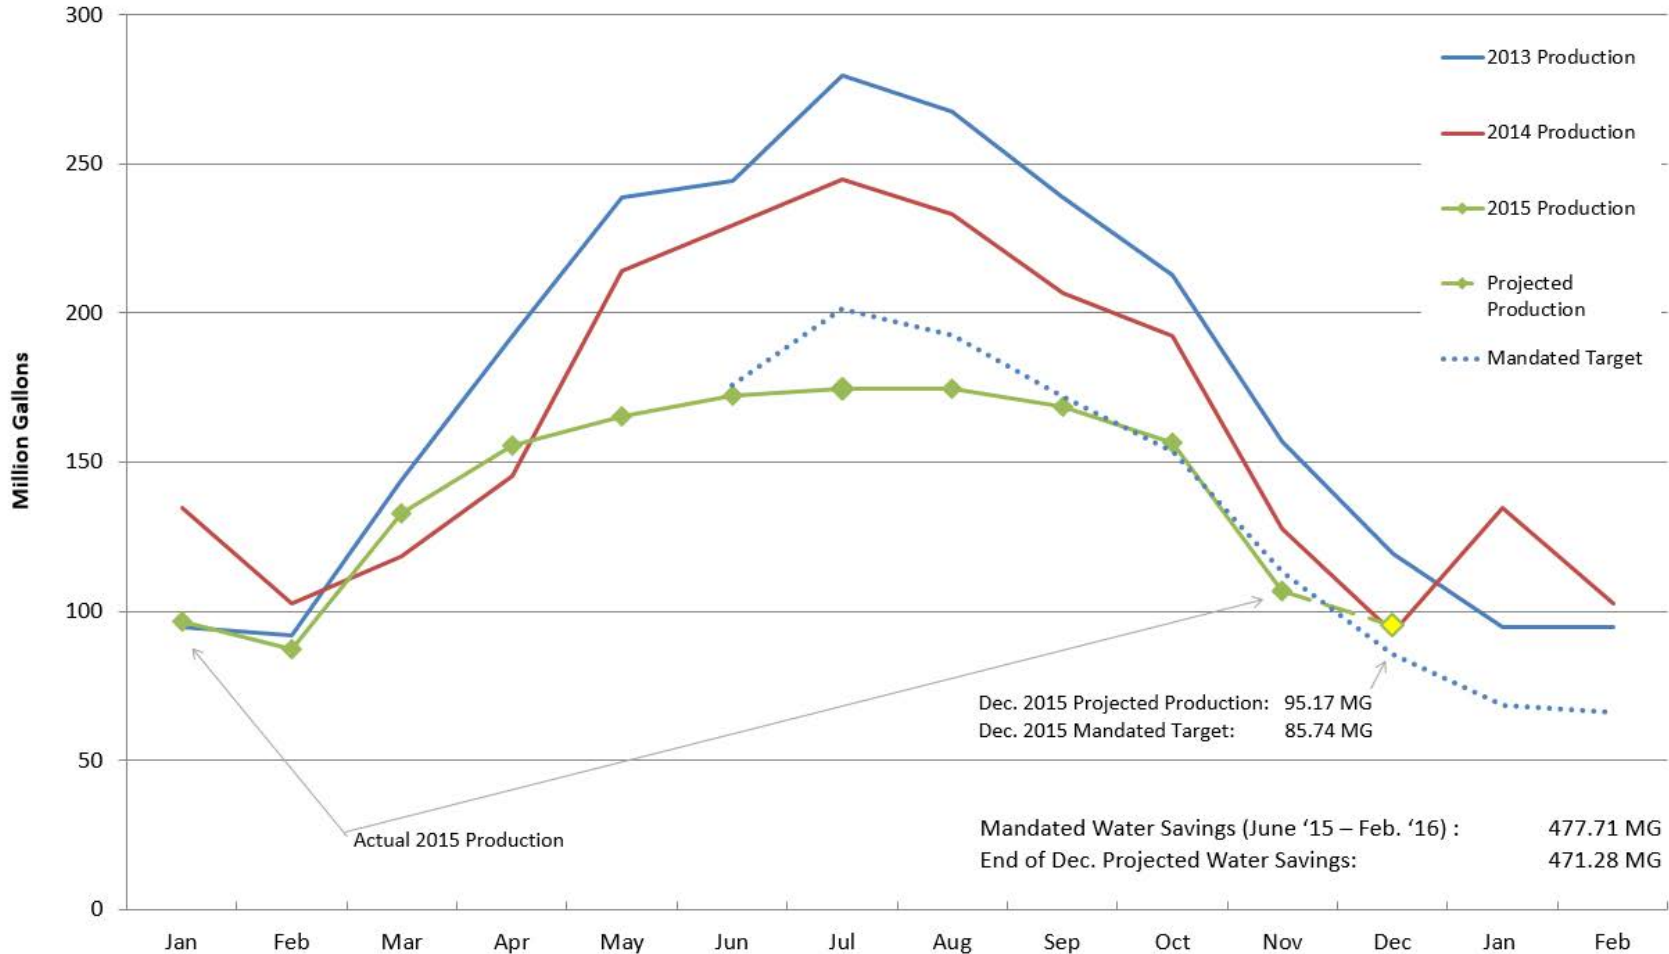

Drought Response: 2015 Update

Conservation and Outlook

- December water usage suggests insufficient conservation for the month (11% from meeting conservation target)
- State may initiate formal enforcement for this level of non-compliance: information order, notice(s) of violation, & fines
- Significant opportunities to reduce water use in the community:
 - Reduce watering times during the fall & turn off irrigation in winter (Dec. demand is typically 19% of peak summer demand)
 - Comply with watering schedule & other restrictions
 - Do not water during or within 48-hours of rain
 - Check for leaks indoors & outdoors, and fix immediately
