

CITY OF PASO ROBLES

Drought Response: Nov. 3, 2015 Update

This Summer
Reduce Your Use!

Drought Response: 2015 Update

Conservation and Outlook

- October water conservation was short of State mandate for the month (2% from target)
- State may initiate formal enforcement for further non-compliance: information order, notice(s) of violation, & fines
 - 4 water purveyors have been fined by the State
- Significant opportunities to reduce water use in the community:
 - Reduce watering times during the fall & turn off irrigation in winter (November demand is ~26% of peak summer demand)
 - Comply with watering schedule & other restrictions
 - Do not water during or within 48-hours of rain
 - Check for leaks indoors & outdoors, and fix immediately

Drought Response: 2015 Update

Production and 2015/16 Mandated Target (June 2015-Feb 2016)
