

# Candidate Statement Jacob Allred

My name is Jacob Allred, and I humbly ask for your support by voting for me in November 2020.

As a husband and father of two special needs children, I have a vested interest in seeing our beloved town flourish. I will work diligently to ensure that Paso Robles continues its steady growth trajectory where local businesses can continue to thrive. I will ensure that our community has access to more head-of-household jobs so that we can afford to live here, and that we have access to effective emergency services. I am concerned, without this effort, we will find ourselves unable to continue calling Paso Robles "home" as we will move to find work, more affordable homes, or safer places to live. I want our city to thrive, all while maintaining our small-town charm that makes Paso Robles so iconic. I will put my decade of experience working on complex multi-national projects to work for our city.

I ask that you allow me to act as your public servant. I will listen to your needs, advocate on your behalf, and represent you for the next four years as I serve on the Paso Robles city council with humility and gratitude.
